Manko, Gold, Katcher & Fox Partner John F. Gullace Moderated ABA Webinar “Superfund Year-In-Review”

Philadelphia, PA (March 12, 2018) – Partner John Gullace of the environmental, energy, litigation, safety and land use law firm of Manko, Gold, Katcher & Fox, LLP (MGKF) located just outside Philadelphia, PA, recently moderated the American Bar Association's Section of Environment, Energy, and Resources (ABA SEER) program entitled, "Superfund Year-In-Review" on February 23, 2018.

During this one-hour program, the panel reviewed select cases and developments from 2017. They also shared their insights from the Centerdale litigation and weighed in on the court's ruling that a potentially responsible party had sufficient cause for non-compliance with an EPA Unilateral Administrative Order, because the selected remedy, in part, was arbitrary.

Gullace is co-practice leader of the firm's New Jersey practice, is a partner in the firm's environmental litigation group, and is also regularly called upon by clients to handle site remediation matters and complex negotiations with government entities and private parties. He represents a broad array of clients, ranging from Fortune 500 companies to smaller closely held businesses, facing diverse environmental issues. Gullace also serves as the Chair of the Superfund and Natural Resource Damages Litigation Committee for ABA SEER.

MGKF concentrates its practice in environmental, energy, litigation, safety and land use law. It represents clients ranging from Fortune 100 corporations to small, privately held enterprises, both in the Mid-Atlantic region and on a national basis.
